QUIT NITS BY WILD CHILD

QUIT NITS IS YOUR NATURAL, SAFE SOLUTION TO ELIMINATING A LICE INFESTATION.

Quit Nits Advance Lice Treatment is scientifically proven to kill lice and their nits (eggs). Plus, the non-toxic treatment requires no combing-out, freeing up your time to completely eradicate lice, so you won't experience a dreaded re-infestation.

Head lice need a human host to survive. Lice can not live longer than 48 hours off of a host. Follow the simple check list inside to be lice and nit free!

QUIT NITS COMPLETE HEAD LICE KIT

A scientific study has shown that 100% of lice and 100% of nits are killed after overnight Exposure to Quit Nits Advance Lice Treatment.* This kit contains 2 tubes of non-toxic (to humans) Advance Lice Treatment, the Quit Nits Everyday Preventative Spray as well as a shower cap and nit comb.

*BURDESS I, AND HARRIS M. REPORT OF TESTS TO ESTABLISH EFFICACY OF ONE FORMULATION (WILD-CHILD) AGAINST ADULT LICE AND THEIR EGGS WITH A 45-MINUTE, 2 HOUR, AND OVERNIGHT EXPOSURE, MAY 1, 2004.

QUIT NITS EVERYDAY PREVENTATIVE SPRAY

Use Quit Nits Everyday Preventative Spray before and after exposure to lice and nits. The spray is easy to use, has a pleasant fragrance and is safe and effective in repelling lice.
